

The Virginia Department of Housing and Community Development (DHCD) will be hosting an input session for Interested Parties who would like to offer feedback on the proposed guidelines and criteria and learn more about the Virginia Telecommunication Initiative (VATI). DHCD has received \$2.5 million over two years to implement broadband infrastructure deployment in partnership with private internet service providers across the Commonwealth. The funds shall be used for providing financial assistance to supplement construction costs by private sector broadband service providers to extend service to areas that presently are unserved by any broadband provider.

Tuesday, September 20

2-4:30 p.m.
