## **Housing Opportunities for Persons With AIDS (HOPWA) Program**

### **Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes**

OMB Number 2506-0133 (Expiration Date: 11/30/2023)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD's requirements for reports submitted by HOPWA formula grantees are supported by 42 U.S.C. § 12911 and HUD's regulations at 24 CFR § 574.520(a). Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number. While confidentiality is not assured, HUD generally only releases this information as required or permitted by law.

**Overview.** The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

## Table of Contents

### **PART 1: Grantee Executive Summary**

1. Grantee Information
2. Project Sponsor Information
3. Grantee Narrative and Performance Assessment
  - a. Grantee and Community Overview
  - b. Annual Performance under the Action Plan
  - c. Barriers or Trends Overview

### **PART 2: Sources of Leveraging and Program Income**

1. Sources of Leveraging
2. Program Income and Resident Rent Payments

### **PART 3: Accomplishment Data: Planned Goals and Actual Outcomes**

#### **PART 4: Summary of Performance Outcomes**

1. Housing Stability: Permanent Housing and Related Facilities
2. Prevention of Homelessness: Short-Term Housing Payments
3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

#### **PART 5: Worksheet - Determining Housing Stability Outcomes**

#### **PART 6: Annual Report of Continued Use for HOPWA Facility-Based Stewardship Units (Only)**

#### **PART 7: Summary Overview of Grant Activities**

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility-Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

**Continued Use Periods.** Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

**Record Keeping.** Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grant management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name; Social Security Number; Date of Birth; Ethnicity and Race; Gender; Veteran Status; Disabling Conditions; Residence Prior to Program Entry; Zip Code of Last Permanent Address; Housing Status; Program Entry

Date; Program Exit Date; Personal Identification Number; and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources; Non-Cash Benefits; HIV/AIDS Status; Services Provided; Housing Status or Destination at the end of the operating year; Physical Disability; Developmental Disability; Chronic Health Condition; Mental Health; Substance Abuse; Domestic Violence; Medical Assistance; and Fostering Status. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management, treatment and care, in line with the signal release of information from the client.

**Operating Year.** HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

**Final Assembly of Report.** After the entire report is assembled, number each page sequentially.

**Filing Requirements.** Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office at [HOPWA@hud.gov](mailto:HOPWA@hud.gov). Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

## Definitions

**Adjustment for Duplication:** Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column (b) in the following manner:

HOPWA Housing Subsidy Assistance		(1) Output: Number of Households
1.	Tenant-Based Rental Assistance	1
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	1
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	1

**Administrative Costs:** Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

**Beneficiary(ies):** All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

**Chronically Homeless Person:** An individual or family who: (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

**Disabling Condition:** Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

**Facility-Based Housing Assistance:** All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

**Faith-Based Organization:** Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

**Grassroots Organization:** An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

**HOPWA Eligible Individual:** The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

**HOPWA Housing Information Services:** Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

**HOPWA Housing Subsidy Assistance Total:** The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

**Household:** A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

**Housing Stability:** The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

**In-kind Leveraged Resources:** These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

**Leveraged Funds:** The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

**Live-In Aide:** A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See (24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

**Master Leasing:** Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

**Operating Costs:** Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

**Outcome:** The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

**Output:** The number of units of housing or households that receive HOPWA assistance during the operating year.

**Permanent Housing Placement:** A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

**Program Income:** Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 2 CFR 200.307.

**Project-Based Rental Assistance (PBRA):** A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

**Project Sponsor Organizations:** Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

**SAM:** All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

**Short-Term Rent, Mortgage, and Utility (STRMU) Assistance:** A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

**Stewardship Units:** Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

**Tenant-Based Rental Assistance (TBRA):** TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

**Transgender:** Transgender is defined as a person who identifies with, or presents as, a gender that is different from the person's gender assigned at birth.

**Veteran:** A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

## 5. Grantee Narrative and Performance Assessment

### a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. **Note:** Text fields are expandable.

The mission of the Department of Housing and Community Development (DHCD) is to work in partnership "to make Virginia's communities safe, affordable, and prosperous places in which to live, work, and do business."

The 2021-22 Virginia Department of Housing and Community Development Program was administered through eight project sponsors across the state of Virginia. These project sponsors provided housing assistance to 29 households. The assistance provided included:

- Short-term rent, utility, and mortgage assistance (STRUM);
- Tenant-based rental assistance (TBRA);
- Permanent Housing Placement;
- Housing Information Services; and
- Supportive Services

As an eligible state, the Commonwealth of Virginia receives a HOPWA formula grant, administered by the Department of Housing and Community Development (DHCD). Thereby, DHCD grants these HOPWA funds to eligible project sponsors (that operate outside the state's EMSAs) following a competitive application process. Currently, the state HOPWA program encompasses 31,749 square miles.

Funds received through HOPWA only supported clients and programs within Virginia's non-eligible metropolitan statistical areas. HOPWA eligible metropolitan areas receive their HOPWA allocations directly from HUD and have specific guidelines and separate processes not included within the Virginia HOPWA program process or program.

Virginia HOPWA Program Eligible Service Areas

Significantly, limited funds are available to meet all the needed housing assistance for moderate to low income individuals with HIV/AIDS in Virginia's non-eligible metropolitan statistical areas. As a result, the funds through this program were focused on direct housing assistance and supportive services for the individuals receiving housing assistance through the HOPWA program. Project Sponsors are strongly encouraged to partner with other service providers (both public and private) to coordinate client services and fully leverage available resources in their particular service areas. Eligible housing activities (direct housing assistance) for this HOPWA program are:

- Tenant based rental assistance (TBRA)
- Short-term rental mortgage and utility assistance (STRMU)
- Permanent Housing Placement Services (Utility deposits)

The Department deducted from the State's allocation the allowable three percent for administration. These funds were used to pay staff costs associated with administering the HOPWA grant (including travel costs for required site visits, technical assistance, training, and other materials directly related to the program).

#### **b. Annual Performance under the Action Plan**

Provide a narrative addressing each of the following four items:

**1. Outputs Reported.** Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

The state has allocated funds through eight project sponsors. With additional funding and needs the number of households served increased from 191 in the prior year to 297.

**2. Outcomes Assessed.** Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

Most (90.5 percent) of those served with TBTA remained in stable permanent housing situations. More than half (56 percent) of those receiving STRMU were stable in permanent housing.

**3. Coordination.** Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

The state includes its HOPWA program in the community-based funding strategies used to encourage local community planning to prevent and end homelessness. This means that local communities must include HOPWA in their overall assessment of available resources and make appropriate measures to leverage these resources to meet identified local needs. State grantees must assure that all state and federal HOPWA and homeless services resources are coordinated with other local and mainstream resources.

**4. Technical Assistance.** Describe any program technical assistance needs and how they would benefit program beneficiaries. The Department of Housing and Community Development continues to monitor project sponsors and provide ongoing technical assistance. No technical assistance needs outside of those measures already in place have been identified at this time.

#### **c. Barriers and Trends Overview**

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

Transportation barriers, limited affordable housing options, and criminal backgrounds are barriers that impact the state's HOPWA program. The state's program covers predominately rural areas with limited or no access to public transportation. This means that customers have barriers to accessing HOPWA services and healthcare. Existing housing and other housing opportunities are often not located in proximity to community services. Project sponsors are coordinating access to assessments and services with other service providers to outreach to HOPWA eligible households. Coordination and flexibility in accessing services are encouraged.

HOPWA eligible clients often require ongoing rent subsidies in order to maintain affordable housing. Unfortunately, HOPWA resources are limited and not a viable long-term solution. Project sponsors are encouraged to work closely with local housing authorities to help facilitate client access to long-term subsidies. All HOPWA clients are required to seek other mainstream resources as these are available.

HOPWA project sponsors in conjunction with their local Continuum of Care are working with landlords to help eliminate criminal backgrounds as a barrier for their clients.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

HOPWA funding is now being coordinated on a local level through the local Continuum of Care. This is helping to better leverage other local resources to address where appropriate housing and service needs.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.  
No recent studies.

## PART 2: Sources of Leveraging and Program Income

### 1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

**Note:** Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

**PART 3: Accomplishment Data Planned Goal and Actual Outputs**

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

### 3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a, enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b, enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c, enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

**Data Check:** The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

**Data Check:** The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g, equal the total amount of STRMU expenditures reported in Column [2], Row a.

#### Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

**Data Check:** The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column [1].

**Note:** Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

## Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor's best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

**Data Check:** The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

**Data Check:** The sum of Column [2] should equal the number of households reported in Column [1].

### Section 3. HOPWA Outcomes on Access to Care and Support

#### 1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

**Note:** These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Total Number of Households		
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:		
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing		331
b. Case Management		276
c. Adjustment for duplication (subtraction)		310
d. Total Households Served by Project Sponsors with Housing Subsidy Assistance (Sum of Rows a and b minus Row c)		297
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:		
a. HOPWA Case Management		0
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance		0

#### 1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

**Note:** For information on types and sources of income and medical insurance/assistance, refer to Charts below.

### Background on HOPWA Housing Stability Codes

#### Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

#### Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

#### Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

#### Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

**Tenant-based Rental Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Permanent Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Transitional/Short-Term Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Tenure Assessment.** A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

**STRMU Assistance:** Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

**End of PART 5**

**PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)**

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

**Note:** See definition of *Stewardship Units*.

**Part 7: Summary Overview of Grant Activities****A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

*Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).*

**Section 1. HOPWA-Eligible Individuals Who Received HOPWA Housing Subsidy Assistance****a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

Individuals Served with Housing Subsidy Assistance	Total
Number of individuals with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance.	297

**Chart b. Prior Living Situation**

In Chart b, report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

**Data Check:** The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a above.

# Fair Housing Summary

## Summary of Action Taken to Address the Impediments to Fair Housing

### CAPER 2020-2021

1. DHCD finalized the 2018 Analysis of the Impediments (AI) to Fair Housing based on statewide input and its citizen participation plan.
2. Discrimination in the rental and sales housing markets. Particularly, discrimination in the rental housing market based on disability, race, national origin, and familial status; *DHCD includes in written agreements with housing developers a clause that the owner/developer must certify that it will comply with affirmative marketing (24 CFR 92.351), nondiscrimination and civil rights (24 CFR 92.350) requirements. Tenant selection plans are subject to DHCD approval. DHCD conducts onsite rental project monitoring throughout the HUD required affordability period to assure long-term compliance with these requirements. DHCD conducts onsite reviews to confirm that properties display fair housing logos and materials. DHCD conducts file reviews to confirm compliance with tenant selection plans. Please note, due to COVID restrictions –onsite monitoring was suspended beginning in March of 2020. DHCD plans to resume onsite monitoring in the fall of 2021 barring any additional waivers.*
3. Constraints in the mortgage lending market. Minorities experience higher denial rates in the mortgage markets at all income levels, particularly at the lowest income levels in the conventional loan market. Subprime mortgages are also an issue of note for minority borrowers; *DHCD provides both homeowner assistance with rehabilitation and down payment and closing costs assistance to first-time homebuyers. DHCD provides both of these activities through contracts with DHCD subrecipients. DHCD contractually requires subrecipients affirmatively market the assistance and to assure nondiscrimination and civil rights.*
4. Need for additional fair housing education and outreach among real estate agents, landlords, housing providers, local officials and individuals: *In addition to outreach through specific programs, DHCD provides educational opportunities through its annual Governor's Housing Conference. This conference is widely attended by members of the real estate industry, localities, housing developers, and service providers. The 2020 Virginia Governor's Housing Conference included the following sessions related to fair housing:*
  - *14 New Laws that are Fair, Favorable, and Friendly to Tenants*
  - *Repositioning Public Housing Without Source of Income Discrimination*
  - *Undocumented, Unhoused and Unstable: Helping Virginia's Immigrant Population*
  - *Digital Equity: Availability, Affordability, and Accessibility*
  - *Making it Right: How Housers Can Address Racial Inequities and Close the Homeownership Gap*
  - *Policing, Criminal Records, and Housing*
  - *Equity Implications in Housing Vulnerable Populations*

- *From NIMBY to YIMBY: Reassessing Public Opinion in a Post-COVID and Post-Minneapolis World*

*DHCD provides staff education opportunities to learn more about fair housing. In September 2020, staff attended the Confronting Barriers 2020: Virginia's Fair Housing Summit, hosted by Housing Opportunities Made Equal of Virginia. DHCD was a financial sponsor of that conference as well as the Virginia Housing Alliance's Housing Credit Conference, Housing Virginia's Most Vulnerable Conference, and its Annual Housing Awards Luncheon.*

5. Disproportionate effects of certain local ordinances on members of various protected classes: *While DHCD does not have authority over localities, it does seek to provide education on the impact of local ordinances through sessions offered at the Annual Governor's Housing Conference.*
6. Availability and access to quality affordable housing; there are a large number of low-income households in need of affordable housing and there are a large number of cost-burdened households, especially in the rental housing market: *DHCD administers programs that provide homeowner rehabilitation, down payment assistance, and rental development assistance. The programs aim to preserve or create affordable and safe housing for low-income households. During the 2020 – 2021 program year, DHCD assisted 16 existing low-income households with homeowner rehabilitation assistance, targeted to rural areas of Virginia to help assure that households have safe and affordable housing. In addition, DHCD provided first-time homebuyer assistance to 55 low/moderate income households. DHCD's Affordable and Special Needs Housing (ASNH) program provides financial assistance to new construction and rehabilitation rental projects. Eleven ASNH projects were completed during the program year. Seven of these projects were HOME funded; three of these projects were NHTF fund. One project received both NHTF and HOME funding. Most of these are affordable to individuals earning 80 percent or less of the area median income (AMI).*

#### **Unit Geographic Locations**

*DHCD provides assistance to help create affordable housing units and to preserve existing affordable units. A total of 11 projects were completed during the 2020 – 2021 program year. Two of these projects are homebuyer projects providing low- to moderate-income households with the opportunity to become homeowners for the first time. Another nine projects are rental rehabilitation projects that either help to preserve existing affordable or created new affordable units in a gentrifying neighborhood. Five projects are new construction project that created affordable units in areas of opportunity or gentrifying revitalization zones. Two of these projects are located in one of the highest housing cost areas in Virginia (Albemarle/Charlottesville).*

#### **Expenditures on Fair Housing Related Activities**

*DHCD spent at least \$70,000 on fair housing related activities during the plan year. This includes a \$25,000 sponsorship for the conference, Confronting Barriers 2020: Virginia's Fair Housing Summit, in September 2020. This conference was widely attended by many different stakeholders including a number of DHCD staff. DHCD spent additional resources on fair housing related training for staff provided through the Governor's Housing Conference.*

#### **Public Participation and Notices**

*DHCD ran the 2020 – 2021 CAPER legal notice during the week of September 6, 2021 in the following five newspapers: Virginia Pilot, the Roanoke Times, the Richmond Times Dispatch, the Richmond Free Press, and the Northern Virginia Daily. DHCD's website content has language translation options and instructions for individuals needing accommodations are included both online and in the public notice. DHCD provides outreach efforts through homeless services input sessions including representation from Virginia Continuum of Care as well as other input opportunities. DHCD requires that subrecipients include outreach efforts to accommodate the underserved, such as minorities, the disabled, and low and very low-income persons/families.*
