REPORT ON STATUS OF MUNICIPAL UTILITY CUSTOMER ACCOUNTS

March 16, 2020 – December 15, 2020

Introduction

Item 4-14.00 Paragraph 7h of the 2020 Appropriations Act, as amended, requires utilities not subject to regulation by the State Corporation Commission (municipal utilities) to submit information on the status of customer accounts to the Commission on Local Government (CLG).¹ Each utility is required to report to the CLG information covering specific time periods. For this report, that time period covers March 16, 2020, through December 15, 2020 and covers the following information:²

- a) The number and value of accounts that are at least 30 days in arrears;
- b) the number and value of accounts that are at least 60 days in arrears;
- c) The number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility;
- d) The number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason;
- e) The amount of and average debt still remaining for accounts removed from the Repayment Plan or another repayment plan as set forth by the utility;
- f) the carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred;
- g) The number, total value, and average debt of accounts offset by the funds provided in Item 479.10, paragraph B.2. of this act and local programs using Coronavirus Relief Funds, categorized by days in arrears, customer account type, and Coronavirus Relief Fund type; and,
- h) The cumulative level of customer arrearages by locality.

Upon receipt of such information, the CLG is directed to compile an aggregated anonymized report and provide it to the Chairs of the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Secretary of Commerce and Trade.

On December 10, 2020, CLG staff shared advanced notice of the reporting requirement and questions with points of contact for municipal utilities and the chief administrative officers for cities, counties, and towns. On December 15, 2020, an email was sent to the same individuals with a link to a survey for purposes of collecting this information.³ Responses were received from 146 municipal utilities, which does not appear to account for every municipal utility system that is within the Commonwealth of Virginia; however, an analysis and listing on unresponsive municipal utilities is not provided in this report.⁴

Please note that the CLG has not formally adopted the report because the reporting deadlines established in the Appropriations Act do not comport with the CLG's adopted meeting schedule. This report will be presented to the CLG for formal consideration at their next regularly scheduled meeting on January 5, 2021.

¹ The full text of this reporting requirement can be found in Appendix A.

² In many cases, CLG staff was asked to provide additional guidance/interpretation to municipal utilities with some of the information requested. Additional refinement and clarification on these matters may be necessary in future Appropriations Acts to ensure consistency and greater efficiency in the reporting process.

³ Please see Appendix B for a copy of the survey questions.

⁴ A table summarizing all responses that were received has been included as Appendix C.

Summary of Municipal Utility Customer Account Data

The following is a statewide summary of data collected for items (a) through (h) as described in Item 4-14.00 Paragraph 7h of the 2020 Appropriations Act, as amended.

a) The number and value of accounts that are at least 30 days in arrears;

Reporting municipal utilities indicated that 513,495 accounts were on file as being at least 30 days in arrearages with a total statewide value of \$88,523,441.01.

b) The number and value of accounts that are at least 60 days in arrears;

Reporting municipal utilities indicated that 423,072 accounts were on file as being at least 60 days in arrearages with a total statewide value of \$81,215,837.69.

c) The number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility;

Reporting municipal utilities indicated that 42,997 accounts were on file as participating in a repayment plan with a total statewide value of \$20,257,595.47. Average debts for these accounts varied widely by municipal utility, ranging from a low of \$82.07 to a high of \$6,882.00.

d) The number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason;

Reporting municipal utilities indicated that 14,376 customers had been removed from repayment plans as of December 15, 2020, because they had paid their past due balance in full. Municipal utilities also reported 16,632 accounts were removed from repayment plans for reasons other than full payment of past due balances.

e) The amount of and average debt still remaining for accounts removed from the Repayment Plan or another repayment plan as set forth by the utility;

Reporting municipal utilities indicated that those accounts removed from repayment plans as of December 15, 2020, have a total statewide balance of \$4,859,728.87. Average debt for those accounts ranged from a low of \$90.92 to a high of \$2,928.47.

f) The carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred;

Reporting municipal utilities indicated that the carrying costs associated with maintaining repayment plans accounted for a statewide total of \$454,300.47. Additional administrative costs associated with repayment programs accounts for an additional statewide total of \$474,545.21.

g) The number, total value, and average debt of accounts offset by funds provided in Item 479.10, paragraph B.2. of the 2020 Appropriations Act and local programs using Coronavirus Relief Funds, categorized by days in arrears, customer account type, and Coronavirus Relief Fund type;

Accounts Offset by Item 479.10, paragraph B.2. of the 2020 Appropriations Act, as Amended

For residential accounts 30 or more days in arrears, reporting municipal utilities indicated a total of 3 accounts with a total statewide value of \$1,927.64 and average debt from a single locality.

For residential accounts 60 or more days in arrears, reporting municipal utilities indicated a total of 3 accounts with a total statewide value of \$1,927.64 and average debt from a single locality.

For non-residential accounts, no municipality had allocated money from the 2020 Appropriations Act for any account 30 or 60 days in arrears.

Accounts Offset by Direct and Indirect (State Pass-through) Coronavirus Relief Funds

For residential accounts 30 or more days in arrears, reporting municipal utilities indicated a total of 3080 accounts with a total statewide value of \$1,516,735.96 and average debt ranging from a low of \$18.68 to a high of \$1,205.96.

For residential accounts 60 or more days in arrears, reporting municipal utilities indicated a total of 3,859 accounts with a total statewide value of \$2,977,851.97 and average debt ranging from a low of \$58.03 to a high of \$3,240.49.

For non-residential accounts 30 or more days in arrears, reporting municipal utilities indicated a total of 62 accounts with a total statewide value of \$129,088.10 and average debt ranging from a low of \$68.52 to a high of \$4,262.87.

For non-residential accounts 60 or more days in arrears, reporting municipal utilities indicated a total of 90 accounts with a total statewide value of \$334,904.32 and average debt ranging from a low of \$78.19 to a high of \$5,000.

h) The cumulative level of customer arrearages by locality;

Because the number of localities covered by municipal utilities varies, this data cannot be summarized at the state level.

APPENDIX A

Item 4-14.00 Paragraph 7h of the 2020 Appropriations Act, as amended

h. Utilities not subject to regulation by the Commission shall submit information on the status of customer accounts to the Commission on Local Government managed by the Department of Housing and Community Development, including (a) the number and value of accounts that are at least 30 days in arrears; (b) the number and value of accounts that are at least 60 days in arrears; (c) the number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility; (d) the number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason; (e) the amount of and average debt still remaining for accounts removed from the Repayment Plan or another repayment plan as set forth by the utility; (f) the carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred; (g) the number, total value, and average debt of accounts offset by the funds provided in Item 479.10, paragraph B.2. of this act and local programs using Coronavirus Relief Funds, categorized by days in arrears, customer account type, and Coronavirus Relief Fund type; and, (h) the cumulative level of customer arrearages by locality. The Commission on Local Government shall provide the Chairs of the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Secretary of Commerce and Trade an aggregated anonymized report by utility containing such compiled information by December 31, 2020, within 90 days of the expiration of the universal prohibition established in clause 7.a., and annually, on or before December 31st, thereafter for the following two years. The report due on December 31, 2020 shall cover the period from March 16, 2020 through December 15, 2020. The report due within 90 days of the end of the universal prohibition established in clause 7.a. shall cover the period from December 16, 2020 to the end of the universal prohibition established in clause 7.a. Annual reports shall cover the period from the end of the universal prohibition established in clause 7.a. to December 16th of the year the report is due.

APPENDIX B

Survey Instrument for Municipal Utility Customer Account Data Collection

Utility Arrearage Data Collection Tool

Virginia Commission on Local Government: Utility Arrearage Data Collection Tool

1. Please provide your contact information: *

Utility Provider's Name

Contact Name

Position/Title

Phone Number:

Email Address

2. Please indicate the number and value of accounts that are at least 30 days in arrears.

Number of Accounts

Total Value of Accounts

3. Please indicate the number and value of accounts that are at least 60 days in arrears.

Number of Accounts

Total Value of Accounts

4. Please indicate the number, total value, and average debt of accounts that are participating in repayment plans.

Number of Accounts

Total Value of Accounts

Average Debt of Accounts

5. Please indicate the number of accounts removed from repayment plans for the following reasons.

Full Payment of Outstanding Balances

Other

6. Please indicate the amount of and average debt still remaining for accounts removed from repayment plans.

Total Outstanding Debt

Average Outstanding Debt

7. Please indicate the carrying cost of debt for accounts participating in a repayment plan and any associate administrative costs incurred.

Carrying Cost

Administrative Cost

8. Please indicate the number, total value, and average debt of residential accounts 30 or more days in arrears offset by funds provided by Item 479.10, paragraph B.2. of the 2020 Appropriations Act or by local programs using Coronavirus Relief Funds.

| | Number of Accounts | Total Value of Accounts | Average Debt of Accounts |
