Documentation Requirements

 [Back to Table of Contents](#)

Roommate Certification

- ✓ If multiple roommates live in the same household, but only one roommate needs RRP assistance, they can apply for their portion only. The applicant does not need to include their roommates' income on the application.
- ✓ If eligible, the applicant's portion of the rent will be prorated and paid directly to the landlord. In this situation, the applicant must submit the Roommate Certification form to self-certify that they are living with a non-family member.

Signed Lease

- ✓ The lease must be SIGNED by Tenant(s) and Landlord and all pages must be uploaded (not just first page or signature page).
- ✓ The lease must cover the period(s) for which rent relief is being requested. Any lease extensions beyond the original lease must also be uploaded.
- ✓ The lease must include the address of the property and the rent amount.
- ✓ If no lease is available, provide evidence of the three most recent payments of rent. This can be bank statements, check stubs, or rent receipt from landlord. Documentation should show three payments of approximately the same amount, made to the same landlord or property management company at regular intervals (for example, every month).

Third-Party Release

- ✓ A third-party release form shall be signed by the prospective third-party agent and the authorizing Tenant or Landlord.

Asset Certification

- ✓ An asset certification shall be required when a household's income is above 50% AMI. An asset is defined as checking and savings accounts (including IRA's, Keogh accounts, and certificates of deposit) stocks, bonds, trusts, pensions, whole life insurance or other assets and there value owned by any household member.

Document File Types Accepted

Documents being uploaded can be in the form of scanned copies of original document, digital photographs of documents, and emails or handwritten attestations from employers, landlords, caseworkers, or others with knowledge of the household's circumstances.

File types accepted are as follows:
.jpg, .gif, .png, .doc, .docx, .pdf.

Documentation Requirements

 [Back to Table of Contents](#)

Proof of Income

- ✓ Income document requirements will vary based on Tenant eligibility type. Categorical, fact-specific proxy, and general income eligibilities all require different forms, documents, or attestations to be completed or uploaded.
- ✓ Below you will find detailed information concerning the different types of eligibilities and what documents will be required.

Categorical Eligibility

To qualify by categorical eligibility, an applicant’s household income has have had to been verified to be at or below 80 percent of the area median income or an applicant’s household has have had been verified as a low-income family in connection with one of the following local, state, or federal government assistance programs:

- Low Income Home Energy Assistance Program (LIHEAP)
- Temporary Assistance for Needy Families (TANF)
- Supplemental Nutrition Assistance Program (SNAP)
- The special supplemental nutrition program for Women, Infants, and Children (WIC)

An applicant may submit an award or determination letter from one of the programs listed above as income verification. This determination letter must be issued by the government agency responsible for the program listed and must be dated on or after January 1st 2020.

If a determination letter is used as income verification, no further income documentation is needed from any household member.

Fact-specific Proxy

Households of three or less individuals who live in one of the 500 predefined area codes, your RRP application does not require income documentation. See attachment 1 for a full list of zip codes.

General Income Eligibility

If an applicant does not meet Fact-specific Proxy or Categorical Eligibility as outlined above, applicants must determine their income eligibility by calculating the household’s current monthly gross income for all adult household members, including payments made to an adult on behalf of a child living in the home. The amount must be at or below 80% AMI. An applicant may provide one of the following documents as supporting documentation to verify income eligibility: pay stub, W-2, other wage statement, tax filing, bank statement, or a signed attestation.

Self-Attestation Alone

In order to provide assistance rapidly, during the public health emergency related to COVID-19 the grantee may rely on a self-attestation of household income without further verification if the applicant confirms in their application or other document that they are unable to provide documentation of their income. If only a written attestation is used, the household’s income will be reassessed every three months, by obtaining appropriate documentation or a new self-attestation. Income attestations should specify the monthly or annual income claimed by the household to ensure that the household meets the applicable ERA requirements and to enable appropriate reporting.
