

VIRGINIA:

BEFORE THE
STATE BUILDING CODE TECHNICAL REVIEW BOARD

INRE: Appeal of AMcL, LLC
Appeal No. 18-14

Decision on Petition for Reconsideration.

At its meeting on March 15, 2019, the Review Board members considered a Petition for Reconsideration concerning the above referenced matter submitted by Michael Morrissey, agent for AMcL, LLC (AMcL) alleging that his due process rights were violated by not having the opportunity to present and testify at the hearing before the State Building Code Technical Review Board (Review Board) on the merits of the case.

After consideration, the Review Board members, through proper motion to uphold the original decision of the Board as outlined in the approved final order, hereby deny the petition because it lacked merit.

Chairman, State Building Code Technical Review Board
