Dear Dr. Holmes:

This letter is being provided as the VATI Application Notice to the Virginia Department of Housing and Community Development that the County of Caroline, Virginia, as well as two private providers intend to submit two separate applications for the FY2023 Virginia Telecommunication Initiative grant cycle.

The County of Caroline, Virginia, and its two private partners, intend to submit two separate applications that would deliver internet access to the remaining unserved locations within Caroline County. The two private partners would construct and maintain systems that would serve as the provider for currently unserved locations. Projects would include Dawn, Woodford and Sparta areas as well as projects in Ruther Glen. This would deliver universal coverage to Caroline County in this single grant cycle.

Our main point of contact for the purposes of the application process is David Sadler and his contact information is as follows:
